The Biograph at Dreamland to-day is "The Broken Cross." A country boy on leaving his little sweetheart on his departure for the city to seek his fortune plights his troth. The girl breaks in two a cross, giving him one half as a love token, agreeing that if either wishes to break the engagement he or she will send back the piece. In the city a manure girl becomes impressed with him and tries to win him for herself by sending him a piece of broken cross purporting to come from his country girl sweetheart. Her scheme at first seems to be successful, but he discovers the party does not match and so, disgusted with the falseness of city living, goes back to the country and his little sweetheart.

Intercity park is being put in fine condition for the baseball game between the Italian Athletic club and the Tenth cavalry troop to-morrow, June 10. The colored boys are coming here with a reputation of having bested all teams which they have played this season and the Italian Athletic club has equally as good a reputation. Both teams are out to win, as this is the deciding game of the series, each team having won one game. The fans to-morrow will have a chance to see the Tenth cavalry's new left handed pitcher, who is rated as a crackjack. The Italian pitchers need no introduction, as they are a bunch of corkers. No doubt to-morrow's game will be the fastest seen here this season.

A clipping from a Scottish newspaper, recently received, tells of the death of Mrs. Alexander Mowat, who was an aunt of Mrs. Ross Hunter of Barre. The clipping, in part, is as follows: "By the death of Mrs. Alexander Mowat, Drumlinthie, last night, at the age of 94, an interesting link with the past has been severed. Mrs. Mowat was the oldest inhabitant of the village. She belonged to a family who have been connected with the land of Barra and the parish of Glenelvie for generations, her progenitors having farmed most of the holdings throughout Barra and Glenelvie. Mrs. Mowat, whose maiden name was Catherine Burness, was born at Midtown of Barra in 1816, her father at that period being the largest farmer in the county. She was the nearest surviving relation of Scotland's national bard, being fourth cousin in the direct line of Burnesses."
